This is a message from the California Regional Water Quality Control Board, San Francisco Bay Region (2).

This is a message from the California Regional Water Quality Control Board, San Francisco Bay Region (2).

The State Water Board will be considering a resolution approving a Basin Plan amendment from the San Francisco Bay Region at its March 15, 2016 meeting.

The amendment establishes a Total Maximum Daily Load and Implementation Plan for selenium in North San Francisco Bay.

The agenda for the meeting is attached, and a version of the agenda with links to relevant documents is available on the State Water Board website at:
